## RATES

### SESSION FEE

A **\$125 session fee** is due at the time of booking to secure your date and includes an approximately 1-2 hour photo session for up to 4 people (\$10 for each additional person).

Newborn/Infant photography sessions are typically 2-3 hours and are **\$150**.

The session fee includes my time to prepare and discuss your session wishes prior to the photo shoot, capture the photos, review your session's photos and retouch and naturally enhance the photographs you wish to purchase.

About one week after the session, you will receive a link to a selection of your session's photographs. Your session will be online for 30 days to give you time to review and decide which images you would like to purchase. Once you have informed me of the images you have selected, I will finalize and fully edit, retouch and natural enhance the selected photographs.

Also available is a 20-30 minute **mini-session**. Please contact me for additional information and to determine if this session is appropriate for your needs.

Session fees for large groups, events, and corporate needs vary depending on the situation. Please contact me for details.

**\*Prints and/or digital images are not included in the session fee\*
